

UNSTUCK

When I was stuck today
help came so suddenly
before one syllable of prayer
he was there.

It was your personal appointment.
You lined him up.
You sent this man to me.
I'm sure it was your touch.
Why did he care so much?
He was so patient
I, secretly ashamed
that I am often irritant.

Why me Lord
Who did he see in me?

This miracle today
in every way
a celebration of your care
This act bore your sign of love
Clearly was your shepherd-hand from above.

No hidden agenda
no strings attached
no charge
free!

Some people perish brutally
I may live
and see your grace made live
for me.

Lord Jesus,
endow me with such patience.
Make me an open channel
of your Saviour grace.

AMEN
